“CHALLENGES AND PUBLIC HEALTH INTERVENTIONS”

Novi Sad, 10–13 April 2019

Distinguished colleagues and dear friends,

It is our great honor and pleasure to welcome you to the SECOND INTERNATIONAL CONGRESS OF HYGIENE AND PREVENTIVE MEDICINE "CHALLENGES AND PUBLIC HEALTH INTERVENTIONS", which will be held from April 10th to 13th 2019, in the City of Novi Sad, the European Capital of Culture in 2021, and the European Youth Capital in 2019, a city of culture, science, innovation and youth.

The purpose of the Second International Congress of Hygiene and Preventive Medicine is to enable exchange of scientific and professional knowledge and experiences, and to encourage the recognition of realistic solutions for the challenges we are facing in our everyday work. We want to emphasize the importance of building the capacities of the public health sector through presenting the experiences and ideas of leading experts from our country and abroad.

The program of the SECOND INTERNATIONAL CONGRESS OF HYGIENE AND PREVENTIVE MEDICINE "CHALLENGES AND PUBLIC HEALTH INTERVENTION" will cover wide range of topics, including the field of drinking water quality, safe recreational water environments, wastewater, air quality, environmental noise, land quality, food safety, safety of consumer goods, nutrition of different population categories, school hygiene, mental health, importance of physical activity for social well-being, environmental health risk assessment, health promotion and disease prevention through population-based interventions.

We invite you to actively participate in the Congress and induce discussions which will offer new knowledge in the field of hygiene and preventive medicine.

We look forward to welcoming and meeting you in Novi Sad in 2019,

Best regards,

Chairlady of the Scientific Board
Professor dr Dušica Stojanović

Chairlady of the Organizing Committee
Professor dr Sanja Bijelović
